EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Jeff D. Limon on 8/09/2005.

The application has been amended as follows:

In claim 1 line 5, delete "an electronic device opening the media door" and insert

-- a latching and timing device controlling the opening state of the media door --; and

line 11, delete "electronic" and insert -- latching and timing --.

In claim 6 line 5, delete "electronic" and insert -- latching and timing --.

In claim 7 line 1, delete "electronic" and insert -- latching and timing --.

In claim 8 line 1, delete "electronic" and insert -- latching and timing --.

In claim 9 line 4, delete "logic" and insert -- latching and timing --;

line 6, delete "logic" and insert - latching and timing --; and

line 9, delete "logic" and insert - latching and timing --.

In claim 14 between lines 5 and 6, insert -- receiving a first latching and timing signal --; and between lines 9 and 10, insert -- receiving a second latching and timing signal --.

Application/Control Number: 10/765,755

Art Unit: 2837

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

Claims 1, 4-10, 12-15, and 17-19 have been carefully considered in view of the specification and the drawings of the invention. The claimed invention is directed into the subject matter of a media door controlling device and a method for controlling the opening and closing of media doors in responding to the gesture or movement of user's hand. The claimed invention is shown in figures 1, 2, and 3 of the invention. Sensors 10 and 15 sense the user's hand signal. Figures 1 and 2 show the latch circuits 40 and 45 for latching the sensed signals from the sensors 10 and 15. Figures 1 and 3 show timers 70 and 75 for providing timing signals in responding to the latching signals. Amended claims 1, 9, and 14 include the limitation of "a latching and timing device", "a latching and timing module", and "a first/second latching and timing signal" respectively. Given the meaning of these limitations with respect to the interpretation of the disclosure of the specification and drawings, the references of the record fail to teach or suggest the latching and timing circuit/module/signal as recited in the claims. In particularly, the patent publication to Jochi et al. (2004/0227625) fails to teach or suggest the limitation of the "latching and timing circuit/module/signal" as recited in the claims of the invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2837

COMMUNICATION INFORMATION

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul Ip whose telephone number is (571)-272-1941.

The examiner can normally be reached on Monday to Friday from 6:30 am to 3:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Martin can be reached on (571)-272-2107. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
